

Covid-19 Risk Assessment v3.2

HOXTON Last assessment date: 05/01/21
 This risk assessment has been compiled following guidance from government and NHS guidelines. As the covid-19 pandemic evolves, this risk assessment will be revised in order to reflect the current trend.

Guidance Notes

Severity

Risk Matrix

	Marginal	Minor	Moderate	Major	Severe
Very Likely	Medium	High	High	Extreme	Extreme
Likely	Medium	Medium	High	High	Extreme
Possible	Low	Medium	Medium	High	Extreme
Unlikely	Low	Medium	Medium	Medium	High
Very Unlikely	Low	Low	Medium	Medium	High

LOW	MEDIUM	HIGH	Extreme
Continue with existing control, however monitor for changes. Implement any additional control measures required, within the timescales given in the risk assessment.	Requires attention to reduce the rating as well as regular ongoing monitoring. Implement any additional control measures required, within the timescales given in the risk assessment.	Requires immediate attention to bring the risk down to an acceptable level. Implement the control measures required, within the timescales given in the risk assessment and continue to review working practices to reduce the probability of an accident to the lowest possible level.	Stop immediately – the risk is too high. Take immediate action to reduce the risk to the lowest level possible.

Identified Hazards & Risk level	People at Risk	Control Measures	Final Risk Level
Multiple people present at once within the facilities	Everyone coming onsite	<ul style="list-style-type: none"> ○ All staff who are able to work remotely are asked to work from home. ○ Client's presence is limited to a minimum and <u>only authorised staff, clients and contractors are allowed onsite</u> ○ Social distancing in effect through the facilities ○ No runner service ○ Safe working policies in place ○ Face coverings mandatory for entry and by all people moving around the building ○ Temp check and health declaration on sign in 	Low

Symptoms of Covid-19

If anyone becomes unwell with a new continuous cough, a high temperature or any other Covid-19 related symptoms in the workplace they will be sent home and advised to follow the stay at home guidance. An isolation room at Molinare is provided while arrangements are made for them to be sent home.

Line managers will maintain regular contact with staff members during this time.

If advised that a member of staff or public has developed Covid-19 and were recently on our premises (including where a member of staff has visited other work place premises such as domestic premises), the management team of the workplace will contact the Public Health Authority to

discuss the case, identify people who have been in contact with them and will take advice on any actions or precautions that should be taken.

<https://www.publichealth.hscni.net/>

Internal communication channels and cascading of messages through line managers will be carried out regularly to reassure and support employees in a fast changing situation.

Line managers will offer support to staff who are affected by Coronavirus or has a family member affected.

Molinare COVID-19 Safe working policy

Policy with guidelines produced for clients and employees and distributed to all clients prior to project starting at Molinare.

The latest employee policy is available on 'Moli hub' staff intranet and updates communicated to all staff when the occur.
